Personal Information

- **Date of Birth:** August 1995
 - **Place of Birth:** Qatar
 - **Nationality:** Sudanese
-

Professional Objective

A Professor and Researcher in **Artificial Intelligence and Cybersecurity**, seeking to join **Lusail University** to contribute to the advancement of its academic and research programs.

My objective is to utilize my teaching and research expertise in data analytics, intelligent systems, and advanced cybersecurity defenses, in alignment with Qatar National Vision 2030 for digital transformation and smart education.

Academic Qualifications

- **Ph.D. in Artificial Intelligence and Cybersecurity** – *United States, 2025*
 - **MBA – Master Trainer Degree in Business Administration** – *AUTM, Egypt, 2024*
 - **B.Sc. in Electronics Engineering (Industrial Specialization)** – *Sudan University of Science and Technology, Sudan, 2017*
-

Professional Experience

Lecturer – Islamic University of Minnesota (IUM), USA

2024 – Present | Doha, Qatar (Remote)

- Teaching courses in **Artificial Intelligence and Cybersecurity** for postgraduate students.

- Supervising research projects related to intelligent defense systems against adversarial attacks.
 - Developing and updating academic curricula integrating theoretical and practical aspects of cybersecurity.
-

Simulation Maintenance Engineer – Qatar Armed Forces (Air Force)

2020 – Present | Doha, Qatar

- Operate and maintain advanced simulation systems and develop realistic training scenarios.
 - Analyze performance data to enhance the quality of technical and medical training.
 - Design and manage digital training environments simulating real-world conditions.
-

IT Support Engineer – IODIN Trading

2018 – 2020 | Doha, Qatar

- Managed and maintained computer networks and hardware systems.
 - Designed data backup and recovery plans ensuring business continuity.
 - Trained and guided the technical support team in troubleshooting and system management.
-

Marketing Manager – Golden Technology

2017 – 2018 | Khartoum, Sudan

- Developed and implemented digital marketing strategies for electronic products.
 - Supervised advertising campaigns and expanded the company's client base.
-

Academic and Professional Activities

- Active participant in **Qatar Society of Engineers** and **Sudanese Engineers Association in Qatar**.
- Speaker and lecturer in workshops and conferences on **Cybersecurity** and **Digital Transformation**.

- Leader of **Be Aware Team** – a national initiative promoting community awareness on cybercrime and digital safety.
-

Courses and Certifications

- **Google:** Professional Google Cybersecurity Certificate (8 Courses)
 - **Dassault Aviation:** Q3R ULIS AND HMI-Trainer Maintenance
 - **EDRAAK:** Certificates in Cybersecurity, Artificial Intelligence, and Robotics
 - **THALES:** AREOS Maintenance Online Training
 - **MTF:** Chief Technology Officer (CTO) – Prompt & AI Engineering Safety Certification
 - **ALJAZEERA:** Technical and Creative Video Editing Course
-

Research Interests

- Cognitive Artificial Intelligence and Adversarial Defense Mechanisms
 - Security in Deep Learning Systems
 - Automation and Digital Transformation in Education and Facility Management
-
